

Patent No.	Title
7801335	APPARATUS AND METHODS FOR DETECTING THE PRESENCE OF A HUMAN EYE
7925059	Method and apparatus for iris biometric systems for use in an entryway
8260008	Methods for performing biometric recognition of a human eye and corroboration of same
8280120	Fraud resistant biometric financial transaction system and method
8364646	Scalable searching of biometric databases using dynamic selection of data subsets
8604901	Ensuring the provenance of passengers at a transportation facility
8798330	Methods for performing biometric recognition of a human eye and corroboration of same
8798331	Methods for performing biometric recognition of a human eye and corroboration of same
8798333	Methods for performing biometric recognition of a human eye and corroboration of same
8798334	Methods for performing biometric recognition of a human eye and corroboration of same
8818051	Fraud resistant biometric financial transaction system and method
8818052	Fraud resistant biometric financial transaction system and method
8818053	Methods for performing biometric recognition of a human eye and corroboration of same
8953849	Method and system for biometric recognition
8958606	Mirror system and method for acquiring biometric data
8965063	Compact biometric acquisition system and method
9002073	Mobile identity platform
9003196	System and method for authorizing access to access-controlled environments
9036871	Mobility identity platform
9055198	Mirror system and method for acquiring biometric data
9095287	System and method for iris data acquisition for biometric identification
9117119	Mobile identity platform
9124798	Systems and methods for illuminating an iris with visible light for biometric acquisition
9142070	Ensuring the provenance of passengers at a transportation facility
9192297	System and method for iris data acquisition for biometric identification
9208492	Systems and methods for biometric authentication of transactions
9280706	Efficient method and system for the acquisition of scene imagery and iris imagery using a single sensor
9294475	System and method for generating a biometric identifier
9313200	System and method for determining liveness
9338161	System and method for biometric protocol standards
9355299	Fraud resistant biometric financial transaction system and method
9361507	Systems and methods for performing fingerprint based user authentication using imagery captured using mobile devices
9380052	System and method for biometric protocol standards
9424458	Systems and methods for performing fingerprint based user authentication using imagery captured using mobile devices
9471919	Systems and methods for biometric authentication of transactions
9489416	Scalable searching of biometric databases using dynamic selection of data subsets
9495526	Efficient prevention of fraud
9563998	System and method for facilitating user access to vehicles based on biometric information
9569778	Efficient prevention of fraud
9613281	METHODS FOR PERFORMING BIOMETRIC RECOGNITION OF A HUMAN EYE AND CORROBORATION OF SAME
9626562	COMPACT BIOMETRIC ACQUISITION SYSTEM AND METHOD
9724042	Device, system, and method for adjusting biometric sensing rate based on available energy
9767358	Systems and methods for performing iris identification and verification using mobile devices
9783162	System and method for facilitating user access to vehicles based on biometric information
9792498	Mobile identity platform
9792499	Methods for performing biometric recognition of a human eye and corroboration of same
9793595	Transparent mesh antenna for electronic device having a graphical display
9810887	Overhang enclosure of a panoramic optical device to eliminate double reflection
9838388	System and method for biometric protocol standards
9857570	Full flat mirror guiding reflections to aperture of panoramic optical device
9860444	Stereographic image detail uniformity of a panoramic video capture device having an optical gradient
9883101	Providing a real-time via a wireless communication channel associated with a panoramic video capture device
9888933	Vaser assisted high definition liposculpture
12942106	Siccolla Identity Verification Architecture and Tool
13837167	EFFICIENT PREVENTION FRAUD
14836446	SYSTEM AND METHOD FOR DETERMINING LIVENESS
14836557	SYSTEM AND METHODS FOR SECURE FILE SHARING AND ACCESS MANAGEMENT
14845805	SYSTEMS AND METHODS FOR PERFORMING USER RECOGNITION BASED ON BIOMETRIC INFORMATION CAPTURED WITH WEARABLE ELECTRONIC DEVICES
15006211	SYSTEM AND METHOD FOR DETERMINING LIVENESS
15006234	SYSTEM AND METHOD FOR GENERATING A BIOMETRIC IDENTIFIER
15488011	COMPACT BIOMETRIC ACQUISITION SYSTEM AND METHOD
